Central University of Kashmir, Ganderbal, J&K   **2019-2023**
Bachelor in Technology | Major: Computer Science

WORK EXPERIENCE

SAZGENIX (Subsidiary of Shuraa Business Setup)   **Srinagar, Kashmir**
Full Stack Web Developer   **Nov 2023 – Feb 2025**
- Designed intuitive and user-friendly UX website interfaces, ensuring optimal user experience across different devices and platforms.
- Developed and deployed full-stack web applications using Laravel and the MERN stack, delivering robust, scalable, and high-performing solutions.
- Managed end-to-end deployment processes, including hosting and domain configuration, ensuring seamless website launches and maintenance.

Strugend   **Mumbai, India**
UI/UX Designer (Intern)   **Feb 2023 – July 2023**
- Collaborated cross-functionally with the design team to contribute to the creation of intuitive user interfaces for web and mobile applications.
- Leveraged industry-leading design tools to conceptualize and prototype UI designs, ensuring a visually appealing and user-friendly experience.
- Prepared comprehensive design documentation, including user flows and wireframes, to guide the development teams during the implementation process.

PERSONAL PROJECTS

- **Car-Rental – React App**
  - *Leveraged React to develop a feature-rich car rental website with a focus on seamless user experience*
  - *Implemented intuitive browsing capabilities, streamlined reservation management, and responsive design principles*
- **Web Project – Placement Portal**
  - Designed and built a comprehensive web platform to connect students with placement opportunities at the university
  - Utilized a stack of HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL to create a centralized hub for job postings and applications
  - Enabled students to easily navigate, search, and apply for placement prospects within the university ecosystem
- **Ecommerce – React App**
  - Engineered a visually appealing and functionally robust e-commerce website using React.
  - Focused on delivering an optimized online shopping experience through responsive design and intuitive user interactions.
  - Leveraged React component-based architecture to integrate advanced e-commerce features and functionalities

ACTIVITIES

CodeChef Chapter CUK, India   **Nov 2022 – August 2023**
Event Lead
- Oversaw the execution of events, ensuring smooth coordination and timely resolution of any issues that arose .
- Established clear objectives and goals for each event, driving the team toward achieving the desired impact and measuring the results to track the impact.
